Letter No. A5.C.1599/17-48 dated 11th May 1948 from the District Magistrate, Kolar, forwarding an estimate of Rs.14,000/- (Rupees Fourteen thousand only) for the construction of a Bus Stand at Kolar Town and recommending that 4/5 of the estimated cost of the construction may be sanctioned to be met by Government etc.

2. Un-official Note No.23/48 dated 23rd July 1948 by the Chief Engineer for Roads and Buildings reducing the estimated cost to -- Rs.13,400/- (Thirteen thousand and four hundred only) after scrutiny and correction.

ORDER NO. RS T.901-4/RT 49-47-2

Dated, Bangalore, the 10th September 1948.

The District Magistrate, Kolar, has stated that the Municipal Council, Kolar, has already deposited Rs.2,800/- (Two thousand and eight hundred only) for the construction of the Bus Stand. Government are pleased to sanction a sum of Rs.10,600/- (Ten thousand and six -- hundred only) which makes up the estimated cost of Rs 13,400/- (Rupees Thirteen thousand and four hundred only) as corrected and recommended by the Chief Engineer for Roads and Buildings.

The amount to be met by Government may be treated as an -- "additional grant" under the head "Other Charges" in the Road Fund Budget for 1948-49.

The District Magistrate, Kolar, is requested to take necessary action in the matter, very early.

For Secretary to Government,

COUNCIL NOTE.

Subject: Estimate for providing water supply to Chickballapur Town.

The Deputy Commissioner, Kolar District, has, with his letter dated 24th February 1948, forwarded for sanction an estimate for Rs.1,58,850/- for providing a protected system of water supply to Chickballapur Town, the expenditure being met by the Government and the Municipal Council in equal proporitions. He has recommended sanction to the grant of a loan of Rs.80,000/- to meet the Municipal share of the cost.

2. The file was referred unofficially to the Chief Engineer for Irrigation for the scrutiny of the estimate. He has scrutinised and revised the same to Rs.1,95,750/- the large variation between the original estimate and the revised one being due to the fact that, as the estimate was prepared in the year 1946, a number of corrections were involved, and provision for quarters to the staff attached to the water works has also been made, in consultation with the President, Town Municipal Council, Chickballapur.

3. The revised estimate with the remarks of the Chief Engineer was sent to the President, Chickballapur Town Municipal Council, for countersignature and he has returned it duly countersigned for Rs.1,95,750/-.

4. According to the above revised estimate, the loan to be given to the Municpal Council will amount to Rs.97,875/. The repayment of the loan asked for is proposed to be made from the additional income of Rs.10,000/- which is anticipated by the Municipal Council Assessing Officer has from (1) the revision of Mohatarfa for which an Assessing Officer has been posted already; and (2) the levy of toll on carts laden with fuel and stones, in 20 instalments of Rs.5,000/- per year towards the loan the last instalment being little less than Rs.5,000/- and what remains over. This will

be a strain on the Municipality. There are also no loans sanctioned to this Municipality outstanding payment.

The Financial Secretary who was consulted in the matter has stated that the rate of interest on the loan will be 4%.

The Minister for L.S.G. has approved of the estimate as well as the proposals for the sharing of the expenditure and the grant of a loan, and has stated that the matter may be referred to the Council. The Dewan having ordered that the question may be considered at a meeting of the Council, this note is circulated to the Ministers.

The points for consideration and orders are:-

1. Sanction to the estimate for Rs.1,95,750/-
2. Grant of a loan of Rs.97,875 to the Municipal Council, Chicktallapur, to meet their share of the cost carrying interest at 4 per cent and repayable in 20 yearly instalments of Rs.5,000/- towards the capital exclusive of interest.
3. Grant of a sum of Rs.97,875/- from out of the water supply grants for the year 1948-49, being half the cost of the estimate, to be met by Government.

Secretary to Government
Revenue Department.

Re Proposal to provide permanent water-supply to Chikballapur Town.

Sir,

I have the honour to enclose herewith a copy of the resolution of the Municipal Council, Chickballapur together with the relevant papers in regard to the above subject and to state as follows -

There is a population of about 20,000 at present in the Chickballapur Town and the town is growing in importance day by day It is one of the big commercial centres of this District Such a town had no scheme for permanent water supply Prior to 1942, the people of the town were mainly depending upon deep draw wells dug up in some parts of the town But all these wells did not supply drinking water and in most of them water was brackish In the year 1942, this problem was examined with the result there was a proposal by the council to supply water from bore-wells Now water is supplied from a few public taps connected to the three bore-wells dug near Kandawara Tank and one near the Mission Hospital This has not solved the difficulties even to a small extent as these taps are not easily accessible to all the citizens of the town as they are located at great distances from dwelling places

During 1946 there was scarcity of water and supply of water was made from these bore-wells The Sanitary Engineer in his note accompanying the estimate has stated that these three bore-wells would supply 5600 gallons per hour and thus a supply of 60,000 gallons per day could be secured easily, feeding about 50 public taps To achieve this purpose, it is very necessary that a over-head tank of a decent capacity should be erected and supply of water regulated to all the parts of the town from the tank through pipes for which main lines have to be laid afresh The Sanitary Department have drawn up a comprehensive scheme for Rs 1,58,850/- for this purpose and details are furnished in the estimate enclosed

Water supply scheme requires to be worked out immediately in the town in view of the fact that there is no water in the tanks nearby and the draw wells may also fail during hot months To tide over the impending water-scarcity, the President reports that the matter should be taken up immediately, as decided at the meeting of the Council on 24-3-47 (copy enclosed) The Council proposes that Government may be approached for a grant of half the estimated cost and the other half being treated as a loan repayable in yearly instalments of Rs 5000/-

The Council has not taken any loan till now for any purpose and therefore are no arrears outstanding payment to any other Department There is a sum of Rs 18,000/- in S B and Rs 10,000/- in the Mysore Bank as the surplus closing balance at the credit of the Municipality The financial position of the Municipality is stable

As regards the repayment of the loan, the Council proposes that the amount could be met from the increased income expected from (i) the revision of mohatarfa - for which Assessing Officer has been posted already, (ii) levying toll on carts laden with fuel and stores The extra income expected from these sources is estimated at Rs 10,000/- per year The President proposes repay the loan in instalments of Rs 5000/- a year which will not be a strain on the Municipality in view of the circumstances explained above

The total loan required by the Municipality to work out this scheme is Rs 79,450/- or Rs 80,000/- and this amount could be repaid in 16 (sixteen) annual instalments of Rs 5000/- each

In the circumstances, I recommend that the proposal of the Municipal Council may be sanctioned as also the loan referred to therein, subject to repayment in 16 annual instalments of Rs 5000/- each

The Municipal Council have represented to the Chief Minister, Minister for Home and L S G Minister when they toured in the District and they have promised sympathetic consideration for

providing

providing this important facility

I request that early sanction of Government may kindly be obtained and communicated to me so that the work may be taken on hand immediately

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner, Kolar District

Sir

With reference to your letter No A5 L B 288/47-48 dt 24-2-48 forwarding for sanction an estimate for Rs 1,58,850 for providing permanent water supply to the Chickballapur town etc, I am directed to state that, since the estimate was prepared in the year 1946 and as there were a number of corrections, the same has been revised by the Sanitary Engineer, according to the present market rate and it amounts to Rs 4,95,750.

Provision for the quarters to the staff attached to the water works has now been made by the Sanitary Engineer in consultation with the Pdt, Town Council, Chickballapur and a detailed estimate in this behalf is also enclosed

Further details are also furnished

for the construction of a pump house and an R C C tank of 50,000 gallons capacity. An estimate for Rs 5,820/- for running the installation for a period of one year is also enclosed

I am therefore to request that the revised estimate may be got countersigned by the Pdt of the Chicklalla Town MC & am forwarded to Govt for orders. The exact amount of loan required in view of the revised estimate having been sanctioned may also be intimated to get the with the resolution of the MC & the same etc the

A copy of this letter has been sent direct to the Pdt, Town MC, Chicklallapur, for information & necessary action
